

NEXT PRESIDENCY.

IS EX-SPEAKER CRISP A CANDIDATE FOR THE NOMINATION?

His Eligibility Legally Established. Only a Question of Availability—His Silver Views and Democracy Sound—Hoke Smith's Visit.

MACON, GA., April 13.—(Special.)—In ex-Speaker Charles F. Crisp, of Georgia, a candidate for the Democratic nomination to the presidency? That is the question which has been whispered about during the week among those who have much to do in this State in selecting national delegates. The story, as it is told in the political circles of Georgia, is that the ex-Speaker really has such ambition. It is intimated by those near him that the recent editorial in the Washington Post declaring that the time had come for a southern candidate was a feather which had Crisp in view for the emergency. That the subject has been carefully discussed among Mr. Crisp's associates, if not in his very presence, is beyond question.

HIS ELIGIBILITY.
Perhaps the most striking testimony is the fact that Mr. Crisp has had the question of his eligibility carefully examined by such legal lights as would surround him in the South, but that he is the only successful Democratic statesman before the people just now. Although a Confederate soldier, he has so shaped his course that he is not thought of as a seceder. His views on slavery coincide with those of the bulk of his party, but so evenly has he held the scales that he has the confidence of the Cleveland Democracy.

WILL PRESENT HIS NAME.
The arrival of Secretary Hoke Smith here to-day, so close to the home of the ex-Speaker, is held by knowing ones to be a phase in negotiations of which more will be heard hereafter. There is hardly a doubt but that the Georgia delegation to the next National Convention will present the name of Charles F. Crisp for the presidency.

INCOME-TAX CASES.
Motion for a Rearing Will Be Made To-Morrow.

WASHINGTON, D. C., April 13.—A motion for a rehearing of the income-tax cases, decided by the United States Supreme Court last Monday, will be made by Mr. W. D. Guthrie, of counsel for the stockholders of the Farmers' and Merchants' Trust companies, and the printed motion will be distributed among the justices next Monday. The proceedings will proceed without the personal intervention of counsel, and no record of the filing of the motion will be made, unless it should be granted. The probable action of the court is a matter of pure speculation. To grant the motion, under the practice of the court laid down in the case of the St. Louis public schools versus Walker, and which has been followed by the request of one of the four justices who voted to uphold the constitutionality of the law, and whether one of these would be a matter of course, he told until the decision of the court upon the motion shall be announced. In the St. Louis case the court said that where the case is of pure speculation, the court will not grant a rehearing, and in order for counsel to submit a motion, without argument, * * * if any justice who concurred in the opinion of the court asks that it be done, rehearing will be granted; otherwise it will be denied, of course.

MOCK-MARRIAGE AMONG CHILDREN.
There was quite a novel entertainment at the residence of the Baptist church Friday night. The object of the affair was to assist in the liquidation of the church's indebtedness. A number of appropriately costumed young people took part. Master Leon Atkinson acted as the preacher. The first of the couples to enter the edifice were Mr. Lillie Parker and Brightie Boze (parents). They were followed by the ushers and bridesmaids, who were Charles Raeland, Tom Chalkley, Ole Gill, Joe Patterson, Percy Carter, Harry Smith, Cleveland Bailey, Carl man, Elise Tucker, Florence Tucker, Anna, John, Willie, and Edna. The bride, Laura Danvers, Mollie Mendenhall, and two other girls dressed in blue, green, Hazel Butler and Nellie Winslow, and Ethel Hewlett (bride), and Jesse Wood (groom).

SEABOARD AIR-LINE BOYCOTT.
Desire Among Southern Railroad Men to Remove It.

NEW YORK, April 13.—A Tribune special from Baltimore says: "Representatives here of southern lines express a desire to call off the boycott recently declared by the Southern Railway and Steamship Association against the Seaboard Air-Line, and thus end the war, which has been more threatening since the Southern Railway Company asked permission to grant the Seaboard's cut to Atlanta without disturbing rates to intermediate points. Overtures have been made to officials of the Seaboard with a view to having that system join the association. President Hoffman, however, said that he has not contemplated joining any organization. President Walters, of the Atlantic Coast Line, who is also president of the new Southern States Passenger Association, is said to favor an effort to settle the differences amicably, and other prominent railroad officials of the South take similar views of the matter. President Hoffman has gone to Portsmouth, Va., to confer with Vice-President St. John and other officials of the Seaboard relative to the situation. It is believed the Seaboard will make a further cut in rates.

ANOTHER BRIDGE-JUMPER.
He Makes the Usual Leap, and is Drowned.

BROOKLYN, N. Y., April 13.—A young man, supposed to be James Duffy, a native of County Cavanagh, Ireland, jumped from the Brooklyn bridge this afternoon about 2:30 o'clock, and was drowned.
From what can be learned the accident was but a case of bravado. Duffy having declared that he would jump from the high bridge at New Castle-on-Tyne, and wished to add this feat to his former exploits.
According to Patrolman Donnelly, who happened to be standing near the place where the man jumped, which is considered the big point of the Brooklyn bridge to-day, William McKinley, Jr., and Adlai E. Stevenson, lead in the race for the respective presidential nominations. The figures are:
Republican—William McKinley, Jr., 13; Benjamin Harrison, 1; Thomas B. Reed, 1; William B. Allison, 1; Lewis J. Morton, 1; John Sherman, 1; Henry M. Teller, 1; Governor Adlai E.
